

Education Access Service

Service Level Agreement 2021/22

Introduction from Service Lead

Dear Headteacher, Chair of Governors and School Business Manager

Welcome to the Service Schedule for the Education Access Service, which contains all the information you will need about our service.

Although you will note that the standard Education Access Service offer for 2021/22 has not had any significant changes to the previous year, you will be aware that during the Covid pandemic the Service has quickly adapted to meet the needs of individual schools and will continue to do so moving forward. Unfortunately, we know that our children and young people may face some significant challenges when returning to school after such an extensive period of upheaval. As ever, you can be sure of our full support as things begin to hopefully return to normal over the coming year, and we are more than happy to discuss any specific requirements schools may have in relation to their recovery plans.

We look forward to working with you.

Christine Kerry

Education Access Service (EAS) Manager

Description of our service

An expert service with professional standards relating to education law around school attendance, children missing education, elective home education, pupil exclusion and child employment.

The Education Access Service provides a team of trained, knowledgeable and skilled officers to work with schools, children and families to improve and maintain school attendance to help raise attainment and safeguard all pupils. This assists schools to meet their statutory duties around school attendance, children missing education, inclusion and safeguarding.
