New for 2024-25

ARC Learning Programme

The Attachment Research Community are delighted to announce the new Learning Programme with events beginning in this month. Learning Programme Bulletins will now be sent monthly to let you know about our upcoming events.

The Learning Programme will consist of both live in person events and virtual webinars from our Learning Hubs where you can find out more about their attachment and trauma aware journey and meet their teams. The webinar programme will also join the learning programme where you can hear from relevant training providers and organisations, dates for these will be confirmed soon. Further developments to the learning programme will also be announced in the coming weeks.

If you would like to be automatically booked on to all virtual events and webinars, then please [email us](#).
